Nokia Retirement Savings and Investment Plan (As Amended and Restated 2001)

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Nokia Retirement Savings and Investment Plan (as Amended and Restated 2001) (the "Plan") at December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

 - A participant who has a vested account balance of \$1,000 or less will automatically be paid in a lump-sum payment.
 - Amounts of Company contributions forfeited by participants are maintained separately by the Plan to pay administration fees and certain investment charges. At December 31, 2003 and 2002, the Plan contained \$359,097 and \$96,025, respectively, as a result of participant forfeitures.
- o At December 31, 2003 and 2002, the Plan's participant balances included \$226,058 and \$241,482, respectively, which the participants elected to withdraw prior to year-end, but did not receive a distribution until after year-end.
- 2. Plan Termination

While it has not expressed any intent to do so, the Company may discontinue the Plan at any time subject to the provisions of ERISA. In the event of Plan termination participants will become 100% vested in their accounts.

3. Summary of Significant Accounting Policies

Basis of Presentation The financial statements of the Plan are presented on the accrual basis of accounting, except for benefits paid to participants, which are recorded when paid.

Investment Valuation and Income Recognition Investments in securities are valued at quoted market prices on the last business day of the year. Investments in the Nokia Stock Fund are valued at the quoted market prices on the last business day of the year plus cash held in the fund, which approximates fair value. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are reflected on a trade-date basis. Gain or loss on sales of securities is based on the first-in, first-out method. Dividend income is recorded on the ex-dividend date. Interest income is recognized on the accrual basis.

Nokia Retirement Savings and Investment Plan (As Amended and Restated 2001) Notes to Financial Statements

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments. Gains and losses on disposition of assets are determined using historical average cost.

Plan Expenses

Expenses incurred by the Plan for audit fees, certain administration fees and certain investment charges are paid by the Plan. All other operating expenses of the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments 4

Investments that individually represent 5% or more of the Plan's net assets, at fair value as of December 31, 2003 and 2002.

	2003	2002
Nokia Stock Fund	\$ 104,173,701	\$ 87,841,843

PIMco Fund Total Return	17,118,104	15,163,338
SSGA Funds S&P 500 Index Fund	26,483,087	-

During 2003, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by \$39,245,678 as follows:

Nokia Mutua

a Stock Fund	\$ 9,715,181
al funds	29,530,497
	\$ 39,245,678

5. Tax Status

The Internal Revenue Service has ruled, in a favorable determination letter dated November 22, 2002, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Participant contributions take the form of before-tax contributions and are deferred from federal income taxes. The Plan does not allow for voluntary after-tax contributions for employees working in the United States. Voluntary after-tax contributions are permitted with respect to those participants who are working outside the United States on temporary assignments.

Nokia Retirement Savings and Investment Plan (As Amended and Restated 2001) Notes to Financial Statements

6. Concentration of Credit

Risk Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's investments and accounts receivable.

At December 31, 2003, approximately 32% of the Plan's assets are invested in the Nokia Stock Fund.

7. Related Party Transactions

The Plan sold approximately \$8,100,000 and \$9,200,000 of the Nokia Stock Fund in 2003 and 2002, respectively. In addition, contributions used to purchase the Nokia Stock Fund by the Plan were approximately \$16,300,000 and \$17,400,000 in 2003 and 2002, respectively. The Nokia Stock Fund is comprised of Nokia American Depository Shares and cash.
